## **Two Clear Reasons to Bring Brian in for this Presentation:**

- 1) This presentation is needed! Numerous studies have shown that Christians, including those actively engaged in churches, youth groups, Christian schools, etc., struggle with doubts and often drift away from church, their walk, and any semblance of a biblical worldview.
- 2) Brian is a solid, Bible-believing, evangelical pastor with a story of victory over doubts, anxieties, and adversity – a story that led to his call to full-time ministry and is sure to encourage those in your organization!
